# Statement of accounting policies for the year ended 31 December 2010

### **Accounting policies**

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

### (a) Basis of preparation

The financial statements are prepared in accordance with Generally Accepted Accounting Principles under the historical cost convention as modified by the revaluation of freehold premises and comply with the financial reporting standards of the Accounting Standards Board as promulgated by the Institute of Chartered Accountants in Ireland.

During the year the Council voluntarily implemented the reporting requirements of the Statement of Recommended Practice: Accounting and Reporting by Charities (SORP) 2005. The prior year reported figures were restated consistently in accordance with the provisions of the SORP.

The Council receives its core funding from the Government and, to the best of its knowledge, understands that this will continue for the foreseeable future. Under the Youth Service Grant Scheme, subject to the overall budgetary situation and continued compliance with the conditions of the Scheme, the organisation is assured of receiving 75% of the cash value of the grant aid received in the previous year for ongoing programmes. On this basis, the Council Members consider it appropriate to prepare the financial statements on a going concern basis.

### (b) Incoming resources

All incoming resources are included in the statement of financial activities when the Council is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Incoming resources from charitable trading activities are accounted for when earned. Grants
  from government and other funders are recognised as income when the activities which they
  are intended to fund have been undertaken, the related expenditure incurred, and there is a
  reasonable certainty of receipt.
- Incoming resources from generated funds mainly relate to membership and conference fees and are recognised when received.
- Investment income represents interest earned on deposits held and is recognised when receivable.

Statement of accounting policies (continued) for the year ended 31 December 2010

Accounting policies (continued)

### (c) Resources expended

Resources expended are analysed between costs of charitable activities and governance costs. Support costs, which cannot be attributed directly to one activity, are allocated to activities in proportion to estimated benefits received.

Charitable expenditure comprises those costs incurred by the Council in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs represent the salaries, direct expenditure and overhead costs incurred on the strategic as opposed to day to day management of the Council, and on compliance with constitutional and statutory requirements. All governance costs are recognised on an accruals basis.

All costs are allocated between the expenditure categories of the statement of financial activities on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly; others are apportioned on an appropriate basis.

### (d) Fund accounting

Restricted funds represent grants which can only be used for particular purposes specified by the donors. Such purposes are within the overall aims of the Council.

Unrestricted funds are available for use at the discretion of the Council in furtherance of its general objectives.

### (e) Taxation

The company has been recognised by the Charities Section of the Revenue Commissioners as being a body established for charitable purposes within the meaning of Section 333 Income Tax Act 1967 and accordingly is exempt from corporation tax.

### (f) Cash flow statement

The directors are availing of the exemption in Financial Reporting Standard 1 (revised) for small companies, and accordingly, no cash flow statement is presented.

Statement of accounting policies (continued) for the year ended 31 December 2010

Accounting policies (continued)

### (g) Tangible fixed assets

Tangible fixed assets are stated at cost or at valuation less accumulated depreciation.

Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life at the following annual rates:

Freehold premises

2% straight line

Computer and office equipment -

20% straight line

Fixtures and fittings

10% reducing balance

The Council avails of the transitional provisions of FRS 15 "Tangible Fixed Assets" in continuing to carry premises at a previous revalued amount which is being updated only for subsequent additions, disposals and depreciation.

### (h) Deferred Income

Grants and assistance received which relate to the funding of expenditure not yet incurred are deferred and included under creditors in the balance sheet.
