

What is Youth Work?

Youth work is complementary to the formal, academic or vocational education of a young person. It is a planned programme designed to help and support the personal and social development of the young person. Youth work is based on voluntary involvement and provided mainly by youth work organisations at local community level. It can take place in youth clubs, youth groups, youth projects and youth services with professional youth workers and volunteers. Youth work was given formal statutory recognition in the Youth Work Act 2001.

Intercultural Youth Work

Intercultural youth work is based on the understanding that ethnic and cultural diversity enriches our communities and that in intercultural youth settings everyone has a sense of belonging, is respected, and can contribute. It recognises the need to build programmes that support this, that builds trust with families and develops skills and competencies. It considers it to be the responsibility of all to work towards achieving a society based on equity and inclusion where all young people can reach their potential. This involves the development of practice and policies that facilitate dialogue to build understanding and collaboration among and between different cultures and ethnic groups. It recognises that racism is a barrier to inclusion and that steps must be taken to address it.

The NYCI Equality and Intercultural Programme is funded by the Scheme to Support National Organisations which is funded by the Government of Ireland through the Department of Rural and Community Development

Qu'est-ce que le 'Youth Work'?

Le 'Youth Work' est complémentaire à l'éducation formelle, académique ou d'apprentissage d'une jeune personne. C'est un programme planifié conçu pour aider et soutenir le développement individuel and social de la jeune personne. Le travail pour jeune est basé sur l'engagement volontaire et est fourni principalement par des organisations bénévoles de travail de jeune au niveau d'une communauté locale. Il peut se passer dans des clubs de jeunesse, des groupes de jeunesse, des projets ou des services de jeunesse, avec des travailleurs professionnels de jeunesse and des bénévoles. Le travail pour jeune avait reçu une reconnaissance statutaire dans la Loi de 2001 sur le Travail avec les Jeunes.

L'Interculturalisme?

Le travail interculturel des jeunes est basé sur la compréhension que la diversité ethnique et culturelle enrichit nos communautés et que dans les contextes interculturels des jeunes, tout le monde a (devrait avoir) un sentiment d'appartenance, est respecté et peut contribuer. Il reconnaît la nécessité de mettre en place des programmes qui soutiennent cela, qui renforcent la confiance avec les familles et développent les aptitudes et les compétences. Il considère qu'il est de la responsabilité de tous d'œuvrer à la réalisation d'une société fondée sur l'équité et l'inclusion où tous les jeunes peuvent réaliser leur potentiel. Cela implique l'élaboration de pratiques et de stratégies qui facilitent le dialogue afin de renforcer la compréhension et la collaboration entre les différentes cultures et groupes ethniques. Il reconnaît que le racisme est un obstacle à l'inclusion et que des mesures doivent être prises pour y remédier.

Що таке робота з молоддю?

Робота з молоддю є доповненням до формальної, академічної чи професійної освіти молодої людини. Це спланована програма, покликана допомогти та підтримати особистий та соціальний розвиток молодої людини. Робота з молоддю базується на добровільному залученні та здійснюється переважно молодіжними організаціями на рівні місцевих громад. Це може відбуватися в молодіжних клубах, молодіжних групах, молодіжних проектах і молодіжних службах з професійними молодіжними працівниками та волонтерами. Робота з молоддю була офіційно визнана в Законі про роботу з молоддю 2001 року.

Міжкультурна робота з молоддю

Міжкультурна молодіжна робота базується на розумінні того, що етнічне та культурне розмаїття збагачує наші спільноти і що в міжкультурному молодіжному середовищі кожен має почуття приналежності, поважається та може зробити свій внесок. Вона вбачає необхідність створювати програми, які підтримують це, які зміцнюють довіру в родині і розвивають навички та компетенції. Вона передбачає відповідальність усіх працювати над досягненням суспільства, заснованого на справедливості та інклюзивності, де всі молоді люди зможуть реалізувати свій потенціал. Це передбачає розвиток практики та політик, які сприяють діалогу для побудови розуміння та співпраці між різними культурами та етнічними групами. Вона вбачає, що расизм є перешкодою для інклюзивності та що необхідно вжити заходів для його усунення.
